

ANNOUNCEMENTS.

We are authorized to announce JOHN B. HUFFIN as a candidate for the office of legislator in the lower house of the next Legislature of Tennessee from Hardeman county. Election first Thursday in August.

RIGHT WRONGS No. ONE.—Several weeks since the Nashville Press and Times, stated that the Conservatives, or at least a portion of them, were urging it upon the negroes to send delegates to the forthcoming convention. We took the liberty to deny the charge in toto, having failed to see such a movement recorded in any Democratic journal, but from recent information received from Middle Tennessee are compelled to state that we were in error and acknowledge a shortness of words to express contempt for men who would degrade their manhood for the purpose of even gaining a political victory, no matter how intensely such victory might be desired. We desire that the convention should be a success, but if it is to be brought about by placing the negro, unlettered and unwashed, upon an equal footing socially with the white man for the sake of truth let it fall short of its mark. From the first we have urged it upon the people to go into convention, to organize, and work with a determination befitting the occasion, and in the future will continue to do our duty and strive to correctly represent the sentiments of the voters Hardeman county. As to allowing negroes to sit in the convention, we do not believe it will be done, neither do the people desire it, no matter if a few newspaper correspondents and weak-kneed "champions" do urge such a course. Although the negroes, by law, are allowed to vote, it does not follow that they, for the sake of their favors, should be taken up in the arms of their former masters and present superiors and born into the midst of a deliberative, representative body. The negroes do not expect it! Our necessity, though great, does not require it, and the great mass of the voters do not nor will they allow it. Those who know the freedmen best know that they dislike to pay poll tax, and it is a fact beyond dispute, that if the negroes, individually, were interrogated as to their choice between being allowed to vote and paying for the privilege or denied the right and be poll tax free that they would almost unanimously declare in favor of the latter proposition. They, as a race, have the good sense to know and feel their inferiority, and do not desire to engage in politics of any kind, and that same good sense tells them that if they do they will only be stepping stones for designing men to mount to official positions, which, when attained, will be too lofty to admit the occupant's shaking the black hand that scrubs the dirty floor beneath, or sweeps tobacco quids from the grog shop door. We honestly believe that the people, and by the people we mean the white registered voters, are determined and able to right political affairs in this State, and there is no need of burdening the convention with a question which is fraught with no good. The Press and Times refers us to the speech of "Joe Williams," delivered before the county convention of Davidson on the 1st, in order to make it plain that we did its editor injustice when we, a week or two since, branded as false its statement that a movement was on hand to induce negroes to sit in the State convention, and will now do him the justice to clip a resolution passed at the convention which "Joe Williams" addressed. It is as follows:

"Resolved, That the County Court be requested to tender the hall for the use of the Conservative colored people as a place in which to hold their meeting."

In the language of an eminent though unknown author, "that settles the question," and now, poetically speaking, we say—**the settlement!**

BIO THING.—The Radicals of Fayette county held a meeting in Somerville on the 21st of last month, the proceedings of which were published in the Memphis Post. E. J. Tucker was chairman, and A. R. Pulliam, secretary. The object was to appoint delegates to the District convention, which meets at Brownsville on the 17th inst. It must have been a regular sardine affair, so insignificant was it in its nature. In referring to "the meeting," the Falcon says:

"As regards the parties who took part in this meeting, we know nothing, having no positive knowledge as to who was present, with the exception of the Chairman and Secretary, whose signatures appear to the proceedings. It is stated to be a meeting of a portion of the Union men of Fayette county and we are disposed to think it must have been an exceedingly small portion."

We do not know that these comments were necessary, as the affair speaks for itself. It may be that those who will object to the term Radical being applied to the meeting, as it is styled by their Union Meeting, but we think the fact of the Post, a Radical organ, being selected as the only medium through which to give it publicity, is sufficient evidence of its nature.

STATE CONVENTION.—It is the general impression that the convention on the 16th at Nashville will be largely attended, and will no doubt be productive of much good to the conservative cause next August. As to who will be chosen as the candidate for Governor, it is extremely hard to say, but we notice that many of our exchanges are showing a preference for Hon. Emerson Etheridge, who, no doubt, would honor the cause as the cause honors him. Without doubt the strongest and best man should be chosen, no matter what part of the State he is from, but a man must be found who can poll a heavy vote in East Tennessee.

The President Sustained! From the following dispatch it will be seen that the Conservatives have achieved a great victory in Connecticut. The issue was plain. Radicals backed Congress while the Democrats endorsed President Johnson. Two years ago the Radicals carried the State by a fair majority:

NEW HAVEN, CONN., April 3.—English (Democrat) is certainly elected Governor by five hundred majority. The Democrats have carried the First, Second and Fourth Congressional Districts.

A splendid Masonic temple is to be built at Holly Springs, Miss.

County Convention.

Pursuant to public notice the citizens of Hardeman assembled at the Court-room last Monday for the purpose of selecting delegates to the Convention which takes place at the State Capital on the 16th of the present month. From the harmony that prevailed one could not fail to be impressed with the belief that the vote of this county will be a unit on the 1st of August. A. H. Rowe, Esq., was called to the chair, and on motion, W. M. Johnson was chosen secretary. By request, the address of the conservative members of the Legislature was read, after which it was moved by H. R. Dorris, Esq., that five delegates be chosen to attend the State Convention, whereupon the following gentlemen were selected as the Hardeman county delegation: J. J. Polk, D. J. Newbern, M. R. Parrish, Thos. Jones, and J. B. Fasset. After the business appertaining to the gubernatorial canvass had been transacted, it was then deemed advisable to select delegates from the civil districts to attend a district convention, should one be called, for the purpose of selecting a suitable candidate for Congress. The appointments are as follows:

- Dist. No. 1, J. C. Prewitt, G. W. Harris.
- " 2, J. C. Spinks, Theo. Higgs.
- " 3, Thos. Boyle, Thos. Eubanks.
- " 4, W. M. Johnson, E. Brown.
- " 5, J. B. Harris, P. E. Jones.
- " 6, Wm. Nickolls, E. P. McNeal.
- " 7, C. W. Newbern, B. P. Hestory.
- " 8, J. W. Halford, J. M. Webb.
- " 9, S. T. Avant, F. Ham.
- " 10, M. Guy, P. M. Crawford.
- " 11, H. R. Dorris, W. S. Carson.
- " 12, R. Talley, A. J. Simpson.
- " 13, J. M. Mitchell, A. W. Fitts.
- " 14, W. Fort, T. G. Patrick.
- " 15, J. Chism, Jas. Toon, Sr.
- " 16, A. J. Dean, Jas. Lowery.
- " 17, J. Huds on, W. A. McDaniel.

The delegates to the State Convention were added to the above, so was the chairman. It was then moved and carried that the proceedings of the meeting be published in the Bolivar Bulletin and other papers friendly to the cause.

No other business appearing the meeting adjourned.

WONDERFUL MACHINE.—A monster machine, made for the purpose of assisting in the construction of railroads, has been set and found to possess all the advantages claimed for it by its inventor, as the following dispatch shows:

SAN FRANCISCO, April 1.—The new railroad constructor is a complete success. The machine levels the track, lays the ties, deposits the rails and nails them down in their places. Its estimated complement is twenty men, who can do as much work in a day as two hundred.

INCREASE OF FERRIAGE.—By authority of the county court the Messrs. Moor, proprietors of the ferry across Hatchie, in view of the fact that they are putting in order the road and bridges between the river and Wiley Port a distance of one mile and a quarter, at their own expense, have increased the rates of ferrage. Ten cents each way is now asked for crossing a man and horse, and the half-price system has been abandoned, which latter should have been long ago.

TERIBLE MASSACRE.—A Washington telegram of the 24th says that a private letter confirms the capture of Fort Buford, at the mouth of Yellow Stone river. Col. Rankin, his wife and children, and the whole garrison—in all, eighty persons—were slaughtered. Col. Rankin, with this small force, repulsed between 2000 and 3000 Indians, killing three hundred and wounding one hundred before he was overwhelmed.

BLACK FLAG.—Mexico is in distress. Gen. Miramon has issued a proclamation declaring a war of extermination. The following is the closing paragraph: "Soldiers, the gauntlet has been thrown to us for a duel to death. Let us do our cowardly enemy the honor to pick it up. But listen to the voice of the unfortunate Gen. Osala, who, in 1858, said: 'Woe to the vanquished!'"

TOURNAMENT AT OKOLONA.—We learn that a grand tournament will take place at Okolona, Mississippi, on the 8th and 9th of May, the festivities winding up with a ball, the proceeds to be devoted to building an Odd Fellows' Hall. A magnificent gold watch, silver tea set and silver mounted whip are to be the prizes.

A New Orleans telegram dated 3d inst, says the numerous breaks in the levees assure the devastation of the richest portion of Southwestern Louisiana. Seven parishes are overflowed by the breaks of the Grand levee at Morganza, and great suffering among the inhabitants along the coast is anticipated.

Brownlow has appointed Horace M. Harrison, Chancellor of the Nashville District, vice David Campbell, resigned, and John Hugh Smith, Judge of the Criminal Court, vice J. R. Frazer, resigned. The articles of impeachment against Judge Frazer are now void, as his resignation has been received.

The Lebanon Herald thinks that a new registration of voters will be ordered in Wilson county. We define the cause "thusly": Brownlow has the power, to do so, and there are many conservative votes in the county! The same course will be pursued in other counties where a large anti-bully-bully-silly-wolly vote is likely to be cast!

MORE TERRITORY.—Russia, for the sum of \$7,000,000, has agreed to cede all of her North American possessions to the United States. The price will be paid, and Uncle Sam thus secures another firm, finely situated and splendidly adapted for producing ice!

The Executives of ten of the Southern States have been consulted and have consented to have the constitutionality of the Reconstruction act tested. Gov. Patton, of Alabama, has declined taking any action in the matter, but is represented as favoring the law.

Secretary McCullough says that without Congressional interference he believes he can bring gold down to 15 or 20 cents by December, and that the Banks can easily resume specie payment in two years.

Foreign advices state that regret is generally expressed at the sale of the Russian provinces, in North America, to the United States.

COMMERCIAL.

From the quotations given below it will be seen that the cotton market is dull that, prices have fallen, and that the tendency is downward. It will take hard knocks to induce some people to believe that cotton planting is not their salvation, but it would infinitely be to their advantage and prosperity if they could be made to open their eyes and look existing facts square in the face. Newspaper wisdom, we know, is often discarded, especially that which comes as a warning, simply because one man thinks he knows as much about the future as another, and so he may, provided his facilities are equal, but when one is a constant reader of events that are occurring while the other is busy at his plow, there is a vast difference as to the knowledge possessed, and the close observer and constant reader is enabled to point out at least a few common place things that will transpire. So, the newspapers are posted as to the probable amount of cotton that will be produced this year, they see the demand estimates, note the sections that the staple is to come from, and are telling the people to let it alone. If the advice is not taken, many a hopeful pocket will be empty as air next fall.

NEW YORK, April 3.—Cotton dull and heavy, and prices have again declined 1/2 to 1c; sales 2,200 bales uplands at 29c; gold, 133 1/2.

NEW ORLEANS, April 3.—Cotton dull and lower; sales of 2,200 bales mid landing at 28 to 28 1/2c. Receipts, 300 bales; exports, 3,857 bales.

LIVERPOOL, April 3.—Cotton closes dull. Sales 10,000 bales mid landing uplands at 12 1/2 to 12 3/4; Orleans, 13 1/4.

MEMPHIS, April 4.—Cotton dull; midlings, 27c Gold, 133 to 133 1/2 buying Choice N. O. sugar, 14 to 15c. Oats, 75c. Corn, \$1 15 Hay \$37 to 40 per ton.

The New Franchise Law in Operation.—Negroes Vote in Tennessee.—At the election for Attorney General of the 17th Judicial Circuit, on March 21st, ten registered negro votes were cast at Jacksonboro, in Campbell county. Capt. T. J. Rogers issued the certificate. In other counties the Commissioners of Registration deemed it proper to wait for special instructions from Nashville before registering colored men. Capt. Rogers believed the law meant what it said.

These ten are the first negro votes cast in Tennessee since 1854, and are the first cast in the late slave States since the war. Seventy-two votes were polled at Jacksonboro, of which Col. Henry R. Gibson received sixty-two, including the entire negro vote, and Wm. J. Scott received ten. Both candidates are Republicans. The Conservatives also polled their full strength, supporting Col. Gibson. The election passed off without the slightest disturbance. In their anxiety to elect Col. Gibson, all parties and all colors harmonized. The augury is cheering.—Press and Times 1st.

On account of one or two typographical errors which appeared in the following paragraph, as given on the fourth page, we have deemed it proper to correct them and now give it to our readers as it should be:

The Devil has twenty names outside of the caption as follows:

- 1, Abaddon; 2, Destroyer; 3, Accuser; 4, Adversary; 5, Apollyon; 6, Angel of the bottomless pit; 7, Beast; 8, Belzebub; 9, Deceiver; 10, Great Red Dragon; 11, Satan; 12, Evil One; 13, Old Serpent; 14, Sumner; 15, Prince of the power of the air; 16, God of this world; 17, Liar; 18, Murderer; 19, Tempter; 20, the Spirit that worketh in the children of disobedience, and he made his first appearance in New England in the shape of old blue-eyed Perditionism, which we consider another title or name to be evolved with the above significances for ever to the human family.

MURDERERS.—The Mayor of Memphis has offered the following rewards:

Five hundred dollars for the arrest and conviction of the murderer of General Smith P. B. Hestory, who was assassinated on Saturday night last, and a like sum for the arrest and conviction of the murderer of William Ferguson, who was killed on the morning of the 19th of March.

Gen. Robert E. Lee favors the calling of a convention, and urges it upon the people to make all haste and get back into the Union under the reconstruction act.

By the burning of the Lindell Hotel at St. Louis on the 31st of March, \$1,600,000 worth of property was destroyed. The hotel was seven stories high.

The National Intelligencer says: It is understood that the Bankrupt bill sweeps away all State insolvent laws and stay laws, and all laws of imprisonment for debt.

Wilson's bill proposes universal suffrage in all the States. That bill, if it pass will kill the Brownlow party in Tennessee, and bury it out of sight.

The Lindell Hotel, St. Louis, recently burned down is to be rebuilt at an early day. \$800,000 have already been subscribed.

The Custom House receipts for March make \$16,000,000, and from Internal Revenue, \$15,000,000.

Congress has adjourned to meet again in July. By proclamation, the Senate convened on last Monday.

The spring races, at Memphis, will commence on Tuesday, the 28th of this month.
